WHO WE ARE

Smooth yarn, fewer breaks, better knitting

Maruti Industries, Jamnagar manufactures textile wax rolls and supplies a complete range of petroleum waxes to spinning mills, winders and knitters across India and abroad. Every roll is cast for uniform hardness so it wears evenly and lays a thin, consistent wax film on the yarn.

The result is lower yarn-to-metal friction, less hairiness and fewer needle and end-breaks on the knitting machine.

OUR GRADES

Choose by yarn & mill condition

- **WR-MI-10 Green**
  Coarse Crystalline · MP 59–61°C
- **WR-MI-20 Yellow**
  Very Coarse Crystalline · MP 60–62°C
- **WR-MI-30 Blue**
  Very Coarse Crystalline · MP 56–58°C
- **WR-MI-40 Pink**
  Coarse Crystalline · MP 59–61°C
- **WR-MI-50 Lemon Yellow**
  Very Coarse Crystalline · MP 60–62°C
- **WR-MI-300 White**
  Fine Crystalline · MP 75–80°C
- **WR-MI-112 White Blended Wax**
  Coarse Crystalline · MP 62–64°C

WHY MARUTI

What you get with every box

- **Uniform crystal structure** – even wear, no chipping or cracking
- **Correct melting point** for your mill temperature and yarn count
- **Accurate bore** for straight, centre and conical hole holders
- **Low residue** – clean wax film, easy to scour and dye
- **Fits all major winders** – Murata, Schlafhorst, Savio, SSM, MVS
- **Direct manufacturer pricing** with box-wise packing
- **Custom colour, size & hardness** on request

SIZE CHART

Standard wax roll sizes

Size shown as OD × ID × Height. Custom OD, ID and height are made to order.

Sr.	Size	Suitable machine	Hole type	Box packing
1	**38 × 15.2 × 20 mm**	Cone Winders	Circular	1000 pcs
2	**38 × 15.2 × 26 mm**	Cone Winders	Circular	1000 pcs
3	**38 × 15.2 × 45 mm**	Schlafhorst / Savio	Circular	600 pcs
4	**38 × 13 × 20 mm**	Murata Jet Spg (MJS)	Circular	1000 pcs
5	**38 × 13 × 32 mm**	Murata Autoconer	Circular	800 pcs
6	**38 × 13 × 45 mm**	Murata (21C Model)	Circular	600 pcs
7	**45 × 12.5 × 20 mm**	SSM Winders	Square	On request
8	**45 × 12.5 × 25 mm**	MVS Winders	Square	On request
9	**45 × 12.5 × 45 mm**	Reiter	Square	On request
10	**45 × 14 × 25 mm**	SSM Winders	Square	On request
11	**45 × 14 × 45 mm**	SSM Winders	Square	On request
12	**45 × 15.4 × 15 mm**	SSM Winders	Circular	On request
13	**45 × 15.4 × 20 mm**	SSM Winders	Circular	On request
14	**45 × 15.4 × 25 mm**	SSM Winders	Circular	On request
15	**50 mm dia × 450 mm (Round Bar)**	Wax Round Bar – Looms	Solid	30 nos
16	**70 mm × 650 mm (Triangle Bar)**	Wax Triangle Bar – Looms	Solid	30 nos

WAX BARS FOR LOOMS

Wax Round Bar

Size: 50 mm dia × 450 mm long
For weaving looms & warp sizing · Packed 30 nos per box (minimum order 30 nos)

Wax Triangle Bar

Size: 70 mm × 650 mm long
For weaving looms & warp sizing · Packed 30 nos per box (minimum order 30 nos)

APPLICATIONS

Where our wax rolls work

Spinning mills

Cone winding of cotton, PC, viscose and blended yarns.

Autoconer & winders

Murata, Schlafhorst, Savio, SSM and MVS wax holders.

Weaving & knitting

Loom wax bars and waxed yarn for circular knitting.

HOW TO ORDER

Simple, fast and documented

- **1.** Choose grade, size and number of boxes on **waxproduct.com/wax-roll**
- **2.** Get an instant Proforma Invoice (PDF) on email / WhatsApp
- **3.** Pay full advance by bank transfer or UPI
- **4.** Dispatch from Jamnagar with GST invoice – freight extra

PACKING

Box-wise, ready for stores

- 45 mm height – **600 rolls** per box
- 32 mm height – **800 rolls** per box
- 20 & 26 mm height – **1000 rolls** per box
- Round & triangle bars – **30 nos** per box

Not sure which grade suits your mill?

Send your yarn count, fibre, machine model and mill temperature on WhatsApp +91 72270 78484 – we recommend the right grade and send samples.
